

February 2009

**Reference for Eoin Costello**

To whom it may concern:

Eoin Costello worked with me and my business as a mentor for a period of three months. As a result of the recession our business was experiencing serious difficulties.

Eoin did an analysis of our situation, recommended a course of action and then monitored implementation of the strategy through regular contact.

He also provided a number of key documents for presentations we were making to the Revenue Commissioners and our bankers.

His guidance was invaluable as it enabled me to go through this extremely demanding and sensitive process in a professional and highly effective manner.

I would highly recommend Eoin for any company that needs a mentor with lots of practical business experience.

Yours Sincerely,

---

Magdalena Rej  
Former Director and Secretary of the Company
